Footrest

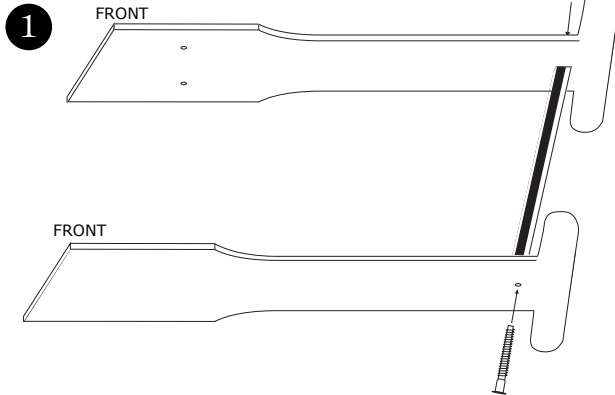

Tabletop

Instructions

Tools: Phillips Screwdriver
Time: 5 minutes

Lay both side panels on carpeted or protected floor with inner holes facing each other.

Using the long bolts (2), attach footrest to both side panels as shown.

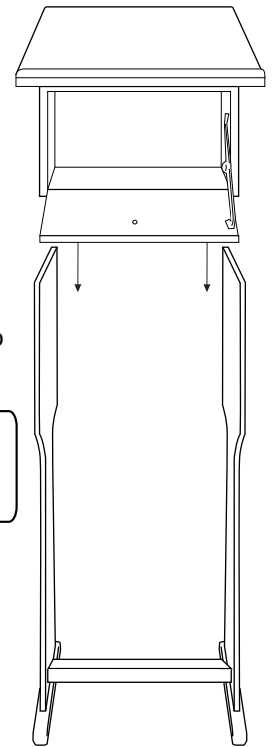

DO NOT TIGHTEN FULLY until AFTER Step 4!
Make sure rubber footrest is facing front!

2 Stand up side panels.

3 Open tabletop door.
Prepare short bolts so that they are within easy reach.

Carefully place the tabletop onto side panels.

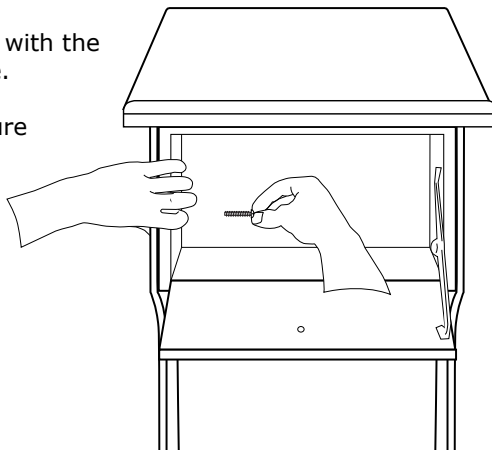

! Do not let go of tabletop at this point!

4 Align holes of tabletop and side panels with one hand. With the other, insert a short bolt into front hole and secure.

Do the same with the opposite side.

Insert & secure back bolts.

5 Tighten inside bolts with screwdriver.

Tighten outer side panel bolts with screwdriver and cover with the 2 plastic caps.

To convert back to a tabletop, remove the 4 short bolts, slip out tabletop and attach wooden handles using the 4 short bolts.
